Introduction

Body

Revise letter of the week.
Children sit in a circle with pickup sticks arranged in the middle circle and play the game, see attached instructions and questions.

Closure

Revise two categories used in the game

Instructions:

• Have the class sitting in a circle with a game of pickup sticks sitting in the middle, trying to have enough sticks for the students to each have a few goes.
• Students get to try to pick up a stick without moving other sticks, and if successful must answer a question to be able to keep the stick.
• The questions would relate to the letter/sound of the week and can be gathered from the topic ideas included.
• Example: Sound of the week /p/, name two colours beginning with /p/.
• If the student gets it wrong they have to put back the stick and it moves to the next student in the circle.
• The student with the most sticks wins.
